PROFESSIONAL EXPERIENCE

Project Manager & Sr Web Developer | Knowledge Units Solutions LLP | Jul 2022 – Aug 2025

- Delivered 35+ websites and CMS platforms for brands like Panchshil Realty, JW Marriott, and Westin Pune, ensuring clean structure, strong SEO foundations, and smooth performance.
- Led the end-to-end build of StoryNest, from requirement gathering and UX planning in Figma to coordinating development, testing, launch, and continuous improvements.
- Managed delivery of automated content and recommendation features for StaySturmFrei and The Dhamaal, working closely with developers, designers, and content teams.
- Planned and tracked sprints, timelines, and tasks using Jira, Trello, and Notion, ensuring transparency and predictable delivery.
- Set up Docker and GitHub Actions workflows to streamline deployments, reducing release effort and minimizing manual server work.
- Prepared SOPs, documentation, and onboarding guides to help scale processes and reduce ramp-up time for new team members.
- Worked across SEO, analytics, and performance tuning to improve user experience and ensure campaign landing pages were optimized for visibility and engagement.
- Facilitated agile ceremonies and maintained delivery roadmaps using Jira / Trello / Notion.
- Developed SOPs and documentation to streamline onboarding and scale delivery processes.

CMS Developer & Project Lead | OTO1 Media | Dec 2020 – May 2022

- Delivered custom CMS and e-commerce websites for Reliance Industries, Zebronic, and Bajaj Electronics, improving site load times and overall maintainability.
- Zebronic, developed and maintained 10+ marketing landing pages and implemented on-page SEO (metadata, headings, internal linking), contributing to a noticeable increase in organic visibility over campaign cycles.

- Bajaj Electronics, built 8+ campaign landing pages and supported packaging design, ensuring consistent product messaging across digital and print channels.
- Managed planning and progress tracking through Jira and Microsoft ADO, maintaining reliable delivery timelines and clear communication with internal teams.
- Created reusable workflows and mentored junior developers on structured development and SEO-aligned content practices, reducing revision cycles and improving delivery efficiency.

Freelance Web Developer & Project Consultant | 2018 - Dec 2020

- Successfully completed 15+ independent projects for clients including ITC, Zebronics, Anchor, and MSI India.
- Planned and managed full release cycles requirements, sprints, QA, deployment, and post-launch support.
- Built custom WordPress plugins, optimized site performance, and ensured SEO compliance.
- Collaborated with designers, copywriters, and QA professionals to deliver quality-driven web experiences.
